ACADEMY OF OSSEOINTEGRATION

Good to Great®: Making Excellence a Clinical Reality

Orange County Convention Center
Orlando, Florida

A multidisciplinary meeting co-sponsored by:

American Association of Oral & Maxillofacial Surgeons
American Academy of Periodontology
American College of Prosthodontists

The ‘GOOD TO GREAT®’ trademark is owned by The Good to Great Project LLC. Used under license.
Don’t miss the Academy of Osseointegration’s 2017 Annual Meeting – “Good to Great®: Making Excellence a Clinical Reality” – March 15-18, at the Orange County Convention Center in Orlando, Florida. This multi-disciplinary meeting co-sponsored by AAOMS, AAP and ACP will feature four days of scientific sessions, including:

- Hands-on Workshops
- Good to Great®: Future Possibilities
- 30 Years Later – What We Did Then, What We Do Now
- Lunch and Learn Sessions
- Morning with the Masters
- Good to Great®: Teams Perform Better Than Individuals
- Business of Implant Dentistry
- E-Poster Presentations
- Surgical Track: Optimal Gingival Tissues
- Young Clinician’s Lecture Series
- Restorative Track: Selecting Optimal Restorative Materials
- Commercial Exhibits
- AO 2017 Sinus Consensus Update
- Corporate Forums
- Managing Anterior Esthetics
- Clinical Innovations
- New Concepts and Materials for Site Development
- Oral Research Abstract Presentations
- Management of Biologic Complications
- TEAM Program
- Image Guidance and Digital Workflow for Planning and Treatment
- Laboratory Technician Program

Look for the complete program along with registration/housing information this Fall in the mail and on the Academy’s website at osseo.org.

Wednesday, March 15

8:00 am – 4:00 pm

Hands-on Workshops

These sessions will allow the registrants to gain hands-on experience with the latest technology from some of the most popular implant companies, including:

- DENTSPLY Sirona
- Geistlich Biomaterials
- Keystone Dental
- Nobel Biocare USA
- Straumann USA
- Southern Implants
- Zimmer Biomet

Pre-conference Courses

8:00 am – noon

- Clinical, Surgical and Medicolegal Aspects of Radiology in Implant Dentistry
  William Scarfe, BDS

1:00 – 5:00 pm

- The Science of Osseointegration: Local, Systemic and Biomechanics Factors That Affect Healing
  Jill Helms, DDS, PhD

These in-depth courses qualify for AO Certificate in Implant Dentistry CE Hours.
Thursday, March 16

8:00 am – noon
Corporate Forums
See what’s new as the Corporate Forums feature 36 industry-hosted educational sessions which showcase some of the latest research, products, techniques and developments in implant dentistry and tissue engineering.

12:10 – 1:00 pm
E-Poster Presentations in Exhibit Hall

1:00 – 5:30 pm
Opening Symposium: 30 Years Later – What We Did Then, What We Do Now
- Significance of a Human Smile
  Harold Slavkin, DDS
- Replacement of a Single Tooth in the Esthetic Zone
  Peter Wöhrle, DMD
- Replacement of Multiple Teeth in the Esthetic Zone
  Ueli Grunder, DMD
- Redesigning the Poorly Planned Implant-supported Restoration: An Inevitable Reality
  Ricardo Mitrani, DDS, MSD
- 40+ Years of Myths and Realities
  Torsten Jemt, DDS, PhD
- 30 Years of Esthetic Materials on Implants in the Esthetic Zone
  Markus Blatz, DMD, PhD

5:30 – 7:00 pm
Welcome Reception and E-Poster Presentations in Exhibit Hall

Friday, March 17

7:00 – 8:00 am
Morning with the Masters
- Management of Complications
  Jay Malmquist, DMD
- Avoiding and Managing Esthetic Implant Complications: Critical Concepts and Case-based Learning
  Anthony Sclar, DMD
- Pushing the Envelope of Digital Planning and Guided Surgery for Maxillofacial Reconstruction
  Lawrence Brecht, DDS
- Reality and Myths of Zirconia as a Restorative Material
  Thomas Taylor, DDS, MSc, PhD
- Comprehensive Therapy/Treatment Planning
  Hans-Peter Weber, DMD
- Extraction Socket Management: Why, When and How
  Mauricio Araújo, DDS, MSc, PhD
- Treatment Planning Considerations You May Not Have Considered: Tooth Decay, CBCT Findings, Planning Against Failure, and the Like
  Stephen Parel, DDS
- Lateral Versus Crestal Approach in Sinus Elevation Surgery
  Tiziano Testori, MD, DDS

7:00 – 8:00 am
Business of Implant Dentistry: SWOT Analysis of Implant Dental Care Delivery Models
- Referral Based Practice
  Donald Clem, DDS
- DSO (Dental Support Organizations)
  Quinn Dufurrena, DDS, JD
- Total Care Provider
  Steven Lewis, DMD
Scientific Meeting Schedule

8:00 am – noon
Surgical Track:
• What, When, and Where
  Sonia Leziy, DDS
• How
  James Janakievski, DDS, MSD
What, When, Where and How – Osseous Tissues: Focus on the Posterior Mandible
• Osseous Ridge Augmentation: Splitting, “Blocking”, or GBR?
  Zvi Artzi, DMD
• Osseous Ridge Augmentation: Vertical
  István Urbán, DMD
AO 2017 – Sinus Consensus Update Session
• The Science of Bone Formation in the Sinus Environment: Where Does the Bone Come From? Do We Need Space or Materials?
  Alan Herford, DDS, MD
• Material Choice and Update: Autogenous, Allograft, Xenograft, and Combinations
  Craig Misch, DDS, MDS
• Surgical Approach Update: Lateral Window Versus Crestal Approach – Limits of Each and Associated Complications
  Paul Fugazzotto, DDS
• Complications of Infection: Bacterial Versus Fungal
  Eric Dierks, DMD, MD

8:00 am – noon
Restorative Track:
Selecting Optimal Restorative Materials – Myths and Reality
• Overview for Selection of Materials
  Daniel Nathanson, DMD
• Material Science, Performance and Technical Aspects of Zirconia
  Nelson Silva, DDS, MSc, PhD
• Clinical Aspects of Zirconia
  Irena Sailer, DDS, MS
• Chromium-cobalt Based Ceramo-metal Restorations for Implants
  Scott Keith, DDS, MS
• Digital Dentures
  Edwin McGlumphy, DDS, MS
• Milled PMMA
  Roger Vitter, DDS
• New Technology for Design and Manufacture of Implant-supported Non-precious Metallic Frameworks and Restorations
  Conrad Rensburg, ND, NHD
• Putting New Materials and Technology Together
  Alan Sulikowski, DDS

8:00 am – 11:40 am
Oral Clinical Research Abstract Session

Noon – 1:30 pm
Complimentary Lunch and E-Poster Presentations in Exhibit Hall

Noon – 1:30 pm
Young Clinician’s Lecture Series

The Academy of Osseointegration (AO) is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. AO designates this activity for 33.75 continuing education credits.
1:30 – 5:10 pm
Oral Scientific Research
Abstract Session

1:15 – 5:10 pm
Clinical Innovations

1:30 – 3:00 pm
Managing Anterior Esthetics
- Alveolar Contour Changes Following Tooth Extraction
  Thiago Morelli, DDS, MS
- The Next Level for Hard and Soft Tissue Regeneration in Esthetic Implant Sites
  Ronald Jung, DMD, PhD
- Immediate Implant Placement and Restoration in Intact Sockets
  Ernesto Lee, DMD
- Implant Placement and Grafting in Patients with Damaged Sockets and Ridges
  Guido Sarnachiaro, DDS

1:30 – 3:00 pm
Management of Biologic Complications
- Peri-implantitis 2017: What are We Really Talking About?
  Hector Sarmiento, DMD
- Decision Making for the 10-year-old Implant with 20% Bone Loss
  Frank Schwarz, DMD
- Do Different Lasers Have a Role in Peri-implantitis Management?
  Eric Linden, DMD, MSD

3:30 – 5:00 pm
New Concepts and Materials for Site Development
- Embryonic Processes for Osseo-integration and Alveolar Regeneration
  Martin Chin, DDS
- RAP and Orthodontics for Implant Site Development
  Rebecca Bockow, DDS

- Scaffolds/Growth Factors/Stem Cells
  Rocky Tuan, PhD
- Role of Blood Products in Regenerative Procedures
  Hom-Lay Wang, DDS, MSD, PhD

3:30 – 5:00 pm
Image Guidance and Digital Workflow for Planning and Treatment
- Digital Diagnosis and Prosthetic Planning to Enhance Guided Surgery
  Neil Starr, DDS
- Scan, Plan, Mill, Restore: Putting it All Together
  Farhad Boltchi, DMD, MS
- Comparison of Dynamic and Static Guidance for Implant Surgery
  Michael Block, DMD

7:00 – 9:00 pm
President’s Reception

Saturday, March 18

8:00 am – noon
Good to Great®: Future Possibilities
- Ethics, Dilemmas and Proficiency in Providing Implant Care
  Steven Eckert, DDS, MS
- New Technologies that Make Us Good to Great®
  Lyndon Cooper, DDS, PhD
  Orlando Alvarez, DDS, MS
- New Technologies
  Jeremy Mao, DDS, PhD
- Ultra-short Implants to Simplify or Create New Treatment Options
  Waldemar Polido, DDS, MS, PhD

8:00 am – 4:00 pm
TEAM Program
8:00 am – 4:00 pm
Laboratory Technician Program

10:30 am – noon
Good to Great®:
Ensuring Future Success
• Variable Considerations for Optimizing Anterior Implant Esthetics
  Joseph Kan, DDS, MS
• Socket Management with Biomaterials to Maintain Alveolar Contours
  Daniele Cardaropoli, DDS
• Eight Keys to Avoid Recession Around Implants in the Esthetic Zone
  Robert Levine, DDS
• Implant Site Redevelopment: Treating Implant Failures in the Esthetic Zone
  Daniel Buser, DDS, DMD

Noon – 1:30 pm
Lunch and Learn Sessions

1:30 – 2:15 pm
AO Annual Business Meeting

2:15 – 4:45 pm
Closing Symposium
Good to Great®: Teams Perform Better Than Individuals
• Full-arch Restoration in the Maxilla
  Christopher Marchack, DDS
  Peter Moy, DMD
• Rehabilitation of the Severely Atrophic Maxilla
  Brent Allan, BDS
  Glen Liddelow, BDSc, MScD
• Significant Bone Augmentation and 3D-arch Coordination with a Team Approach Facilitates Optimal Results for Comprehensive Rehabilitation
  Anabell Bologna, DDS
  Miguel Hirschhoaut, DDS
  Jorge Ravelo, DDS
• The Team Approach for Predictable Esthetic Results
  David Garber, DMD
  Henry Salama, DMD
  Maurice Salama, DMD
