About the Academy of Osseointegration

Following the introduction of osseointegration to North America in 1982, a group of dental clinicians from the Greater New York area participated in a course entitled “Osseointegration in Clinical Dentistry.”

Subsequently, the group formed a study club to share research and information. This local study club eventually concluded that a national organization was essential to foster education and advancement in this field. As a result, the Academy of Osseointegration was formed.

For more than 30 years, the Academy has met throughout North America. Meeting participation continues to increase, and membership now exceeds 5,000 professionals from more than 70 countries.

The Academy of Osseointegration’s dedication to the highest standards in patient care, research and education remain the reason so many professionals have made the decision to ally themselves with this leading organization.

The Mission of the Academy of Osseointegration

The mission of the Academy of Osseointegration is to enhance oral health by advancing the science, ethics and practice of implant dentistry and related technologies and to support the professional needs of its members worldwide.

Why you should exhibit at the 2019 Academy of Osseointegration Annual Meeting

Its 2019 Annual Meeting is expected to attract more than 2,000 specialists from oral surgery, periodontics, prosthodontics, general practice as well as other healthcare professionals from around the world.

Only points earned during the previous five years will be considered. During the 2019 meeting, priority points for selecting booth space for the 2020 meeting will be determined as follows:

- Two (2) points for each booth contracted at each Academy meeting beginning with 2015 and ending with 2019

In the event of a default by the exhibitor, as set forth in the previous sentence, the exhibitor shall forfeit as liquidated damages the amount paid by him for his space reservation, regardless of whether or not Show Management enters into a further lease for the space involved. In case the exhibition shall not be held for any reason whatsoever, then and thereupon, the rental and lease of space to the exhibitor shall be terminated. The removal and return of large crates that cannot be handled by hand trucks will be charged for at prevailing rates.
