Academy of Osseointegration

Outstanding Membership Benefits — **JOIN TODAY**

About AO

The Academy of Osseointegration (AO) is recognized as the premier association for professionals interested in implant dentistry. The Academy fosters the dissemination of knowledge to all disciplines and promotes developments in tissue replacement therapies in oral and facial care. The multi-disciplinary make-up of the membership encourages dental professionals from the various specialties, as well as general practitioners, research scientists, educators, laboratory technicians and other ancillary personnel to come together in a learning experience that provides a refreshing opportunity for an interdisciplinary approach.

Members Receive:

Access to a variety of outstanding live, print and web-based continuing education resources that provide ADA-CERP credit hours

Valuable networking events and platforms to build valuable relationships with implant professionals around the world

Unparalleled opportunities for personal growth and professional advancement
